

695PG - Utility Saw

Built to provide the best combination of performance and portability for cutting in-ground utility pipe, the 695PG gas powered utility chain saw with PowerGrit chain will change the way you cut pipe. Allowing you to cut up to 16" deep from one side into ductile iron, cast iron, PVC, HDPE, Insituform lining and even Asbestos*concrete pipe. Built by ICS, the global leader in utility chain saws and Diamond Chain Technology™, you can rest easy knowing the saw was specifically designed for this type of heavy workload. Also the 695PG is capable of operating the full line of 16" ProFORCE™ concrete cutting chains, meaning you can use the saw on masonry, stone, and even reinforced concrete - perfect for pipe taps, utility vaults, bridge work, and other utility applications.

695PG PRODUCT SPECIFICATIONS

Weight	21lbs/9.6 kg (without bar and chain)
Bar length	up to 16 in/ (40cm)
Motor Speed	9300 +/- 150 rpm max, 2700 rpm idle
Horsepower	6.4 hp @ 9000 rpn
Displacement	5.7 cu in/94 cc
Powerhead dimensions	19 in/48 cm length 14 in/36 cm height 12 in/30 cm width
Engine Type	2-stroke, single cylinder, air cooled
Vibration level	3.9/4.1 meters/second ² (front/rear handle)
Fuel mix ratio	50:1/2%
Fuel Capacity	0.26 gal/1.0 liter
Water supply	Minimum 20 psi/1.5 bar

* Asbestos is a hazardous material, known to cause serious respiratory diseases. Cutting into asbestos can release asbestos fibers into the air. Always research and follow the correct safety procedures, including applicable national and state or provisional occupational health and safety regulations, and protect yourself and those around you from asbestos-related disease. Always arrange for the material to be removed safely by a qualified person. ICS is not responsible for exposure to asbestos caused by use of this product.
